Health Supplement Advertising Guidelines

Taboola’s advertising policies are designed to help you be successful with your campaigns by ensuring your ads follow applicable laws and that your ads promote a positive experience for viewers.

GENERAL

- Ensure content/product complies with all applicable regulatory guidelines and local laws
- Using scare tactics such as exploiting extremely sick people or showing blood in images is not permitted
- Showing images of users injecting the product is not permitted
- Use honest, clear and understandable language to consumers
  - Make clear that the product does not treat, prevent, or reverse a disease or condition
  - Use qualifying health claims (relieve, help, etc) associated with symptoms only
  - May not discourage conventional or essential medicines

How to phrase Health Claims:
This can cure or eliminate insomnia
This can cure or eliminate tiredness
This may help relieve insomnia
This may help relieve tiredness

CREATIVES

- Targeting users for having a specific serious diseases* or conditions to promote a product or a service (includes the use of 2nd person) is not permitted

Phrasing Examples:
You may regret not checking this insomnia product
Option to ease tiredness here

*Addictions, autoimmune diseases, brain disorders, cancer, Crohn's disease, heart diseases, Hepatitis C, Multiple Sclerosis
